**PRIVATE-PAY BILLING POLICY**

Cornerstone Chiropractic is a private-pay only practice. As such, we do not accept payment from insurance or file insurance claims on behalf of our patients. All patients are responsible for their own accounts, with payment required at the time of service. Itemized medical statements are available upon request for patients who opt to file a claim for reimbursement with their insurance provider. As we are not able to make individual coverage determinations, please contact your insurer in advance for assistance in determining your benefits for *out-of-network* chiropractic care.

For patients covered under Medicare Part B, our staff will submit a claim to Medicare on your behalf requesting that you receive direct reimbursement for the cost chiropractic adjustments treating acute pain or injury. Medicare currently does not cover chiropractic adjustments for the maintenance of chronic pain, or secondary fees such as New Patient Examinations, therapies, or other services.

**"PCD" (PREFERRED CHIROPRACTIC DOCTOR) SCHEDULE OF FEES**

Patients not utilizing insurance for reimbursement should ask us about PCD membership. For an annual membership fee of only \$37.00, non-insurance patients receive a discount of 25% to all treatment services (see column below).

<b>FEES:</b>	<b>MEDICARE</b>	<b>PCD</b>	<b>INSURANCE</b>
